You there?

Hi Steven just at the conference

2:58 PM

Concerned that all my tokens including the 900 million will be in the drop program. [REDACTED] confirmed the 1.35 billion but said you would confirm the 900 million. I'm creating addresses now.

Hi Steven sorry for the delay I was in a lunch meeting.

We did the best we can on this

Because it's based on proportion of tokens owned you would definitely benefit the most out of anyone from the air drop already.
